Professional Summary

Full stack and Flutter developer with experience building 10+ cross-platform apps using Flutter, ReactJS, Firebase, and REST APIs. Skilled in integrating AI/ML models (TensorFlow, Google ML Kit) into mobile apps. Strong in debugging, testing, deployment, and MVVM architecture.

Education

Bachelor of Technology (B.Tech), Computer Science and Engineering

Expected 2026

- Malla Reddy College of Engineering and Technology, Hyderabad, Telangana

Experience

Android Developer Intern, Cothon Solutions

Dec 2024 - Feb 2025

- Collaborated in Agile sprints, improving code quality through reviews and Git-based version control.
- Integrated AI features in mobile apps using TensorFlow and Google ML Kit.
- Enhanced debugging and testing workflows with Flutter DevTools and integration testing.
- Awarded "Intern of the Year" for outstanding performance.

Skills

Programming Languages: Dart, Java, Python, JavaScript.

Framework & Tools: Flutter, ReactJS, NodeJS, Firebase, Supabase.

AI/ML: TensorFlow, GoogleMLKit, RAG Models, OpenRouter APIs.

Version Control & Others: Git, GitHub, REST APIs

Projects

Savour AI

Jan 2025 - Feb 2025

- AI-driven chat app delivering a dynamic, swipable feed of meals.
- Integrated chatbot, reels-like scrolling, and embedded YouTube videos using Flutter and AI APIs.

InstaNews App

Sep 2024 - Oct 2024

- News app delivering global headlines in short video-style reels with real-time API updates.
- Implemented dark mode and smooth animations using Flutter.

flutter-text-utils 0.1.1

Aug 2025

- Open-source Dart package providing string utilities, validators, and Base64 encoding/decoding.
- Achieved 500+ downloads on pub.dev, simplifying text processing for developers.

Other Projects (available on GitHub)

- Fitness Tracking App** – AI-powered fitness app with calorie tracking and gamified workouts.
- 10+ Published Apps** – Cross-platform apps using Flutter, Firebase, and REST APIs.

Certifications and Achievements

- Certificate of Achievement – Google Solution Challenge (2024)
- Published an open-source Dart package on pub.dev with 500+ downloads.
- Solved 150+ problems on LeetCode, strengthening DSA problem-solving skills.
- Participated in Smart India Hackathon (SIH), collaborating on innovative tech solutions.
